

# THE CONSERVATION TRUST

A Manitoba Climate and Green Plan Initiative  
delivered by The Manitoba Habitat Heritage Corporation

## FUNDED PROJECTS LIST - APRIL 2019

### CATEGORY 1: WATERSHEDS

| Organization                                       | Project Name  | Amount    |
|--|---|-----------|
| Cooks Creek Conservation District                  | Ste Genevieve Water Retention Area  | \$84,150  |
| Ducks Unlimited Canada                             | Prairie Pothole and Grassland Restoration Project   | \$125,000 |
| East Interlake Conservation District               | Integrated Waterway and Roadside Native Vegetation Project  | \$25,000  |
| East Interlake Conservation District               | Wetland and Riparian Area Restoration/Protection  | \$50,000  |
| Intermountain Conservation District                | Expansion of IMCD Burdeniuk Tree Plantation   | \$6,000   |
| La Salle Redboine Conservation District            | Mill Creek Retention Project  | \$75,000  |
| Little Saskatchewan River Conservation District    | Improving Watershed Health in Little Saskatchewan River Conservation District by Engaging Farmers and Ranchers on the Working Landscape | \$125,000 |
| Manitoba Conservation Districts Association (MCDA) | Planning & Building Natural Infrastructure Networks Based on Value for Money Principles in the SRRCD                                    | \$50,000  |
| Manitoba Forestry Association                      | Sustainable Slopes  | \$105,000 |
| Seine-Rat River Conservation District              | Improving Watershed Health in the SRRCD by Engaging Farmers and Ranchers on the Working Landscape                                       | \$125,000 |
| Swan Lake Watershed District                       | Streambank Stabilization and Enhanced Vegetated Buffer  | \$54,000  |
| Upper Assiniboine River Conservation District      | Gopher creek water retention & wetland creation project   | \$100,895 |
| Upper Assiniboine River Conservation District      | Protecting Water, Riparian Habitat and Biodiversity   | \$22,475  |
| West Interlake Watershed Conservation District     | Building Resilience and Improving Lake Manitoba Watershed   | \$20,000  |
| West Souris River Conservation District            | Improving Water Quality and Advancing Climate Change Adaptation in the Lower Souris River Watershed                                     | \$78,000  |
| Whitemud Watershed Conservation District           | WWCD Distributed Multi-Functional Water Storage   | \$100,000 |

### CATEGORY 2: HABITAT AND WILDLIFE

| Organization  | Project Name   | Amount    |
|---|--|-----------|
| Association of Manitoba Community Pastures  | Alonsa and McCreary Community Pastures Range Health Project and Land Management Planning       | \$32,500  |
| Bird Studies Canada   | Enhancing Avian Species At Risk Applicability in Conservation Delivery                         | \$50,000  |
| Brandon Riverbank Discovery Centre  | East Area Wetland Restoration  | \$100,000 |
| Delta Waterfowl Foundation  | Wetlands and Waterfowl Conservation Project  | \$100,000 |
| FortWhyte Alive   | Watershed Restoration and Habitat Management   | \$17,500  |
| FortWhyte Alive   | North Prairie Control Burn and Renewed Habitat Management                                      | \$29,000  |
| Manitoba Forage & Grassland Association   | Kirkella Community Pasture Association Grassland Habitat Enhancement Project                   | \$100,000 |
| Save Our Seine  | Seine River Greenspace Enhancement Project- Enhancing Natural Habitats Along The Seine         | \$50,000  |
| Seven Oaks School Division - Ozhaawashkwaa Animikii-Bineshi Aki Onji Kinimaagae' Inun | Seven Oaks School Division Learning and Service Centre: Ecological Restoration Project         | \$100,000 |
| The Manitoba Burrowing Owl Recovery Program   | Engaging landowners in southwestern Manitoba to improve and protect habitat for Burrowing Owls | \$12,500  |
| The Nature Conservancy of Canada  | Habitat & wildlife enhancement in working landscapes   | \$100,000 |
| West Souris River Conservation District   | Establishment of Pollinator Habitat in the Mixed Grass Prairie Region of Manitoba              | \$60,000  |

### CATEGORY 3: CONNECTING PEOPLE TO NATURE

| Organization   | Project Name   | Amount   |
|--|--|----------|
| Assiniboine Hills Conservation District                          | Douglas Marsh Interpretive Center  | \$5,000  |
| La Salle Redboine Conservation District                          | Cypress River Wetland Trail Enhancement  | \$20,000 |
| La Salle Redboine Conservation District                          | Pinkerton Lakes Wildlife Refuge Trail Restoration  | \$20,000 |
| Lake Winnipeg Indigenous Collective and Lake Winnipeg Foundation | Indigenous Youth Leadership for Lake Winnipeg  | \$50,000 |
| Oak Hammock Marsh Interpretive Centre                            | Connecting People with Wetlands  | \$11,000 |
| Pembina Valley Conservation District                             | Conservation of Natural ecosystems through Education at the Binney Nature Preserve                   | \$4,000  |
| Save Our Seine   | Seine River Greenspace Enhancement Project- Connecting People to The Seine                           | \$50,000 |
| The Nature Conservancy of Canada                                 | Nature & You: Making a Connection  | \$25,000 |
| Wildlife Haven Rehabilitation Centre                             | Interactive Youth Program with Wildlife Haven: Wildlife Stewardship and Environmental Responsibility | \$50,000 |

### CATEGORY 4: INNOVATION AND CONSERVATION PLANNING

| Organization  | Project Name  | Amount   |
|---|---|----------|
| Assiniboine River Basin Initiative                  | Assiniboine River Basin Initiative Framework for Watershed Stewardship Strategic Plan Development | \$25,000 |
| International Institute for Sustainable Development | Prioritizing Natural Infrastructure in Manitoba Watersheds  | \$25,000 |
| Pembina Valley Conservation District                | Transforming watershed action plans into on-the-ground BMPs - A made-in-Manitoba EG&S program     | \$10,000 |
| Whitemud Watershed Conservation District            | Planning for restoration and protection of water quality in Lake Manitoba                         | \$25,000 |
